Extension Information

MINNESOTA MASTER NATURALIST VOLUNTEER TRAINING
U of M Extension Service

Do you enjoy learning about the natural world? If so, consider becoming a Minnesota Master Naturalist volunteer.

Whitewater State Park in Altura, Minn. is hosting a Big Woods Big Rivers Minnesota Master Naturalist Volunteer Training beginning Monday, April 4.

Master Naturalist volunteers complete a 40-hour hands-on course with expert instructors and fellow learners – studying natural history, environmental interpretation, and conservation stewardship. Final certification comes with the completion of 40 hours of volunteer service. The program offers three courses that correspond to Minnesota's three major ecosystems – entitled "Big Woods, Big Rivers", "Prairies and Potholes", and "Northwoods, Great Lakes".

This class will cover the natural and cultural history of the Big Woods, Big Rivers region. We will provide an in-depth overview of the deciduous forest ecosystem and participants will observe and learn about the variety of plant and animal communities of the region. Through the course, participants will develop their ability to observe nature and will learn tools to improve these skills. In addition, participants will improve their communication skills by sharing knowledge with other participants and working on a group project.

The course runs from April 4 to May 9, Monday and Thursdays, 6:30 p.m.. to 9 p.m. with two all day field trips on Saturday, April 9 and Saturday, April 23. The cost for the course is $275, including materials. Scholarships are available. For more information contact instructors Jeremy Darst, *jeremy.darst@state.mn.us*, 507-932-3007 or Sara Holger, *sara.holger@state.mn.us*, 507-932-3007.

For more information and to register people can go *www.minnesotamasternaturalist.org* For assistance people can call 1-888-241-4532, or e-mail *info@minnesotamasternaturalist.org*. Scholarships are available.

Minnesota Master Naturalist is sponsored by the University of Minnesota Extension Service and the Minnesota Department of Natural Resources. Minnesota Master Naturalist is supported, in part, by grant ESI-0540358 from the National Science Foundation.
