Independent Candidate Roger Kittelson supports a Minnesota Healthcare System that is a streamlined financing "trust fund" where one entity administers the health care funding and payments.

This Minnesota Healthcare System is a cost-effective and administratively efficient program that will cover everyone. The largest benefit is that patients will be able to access health care with minimal financial barriers. This access will improve health by increasing preventive and primary care, plus allow patients to afford treatment regimens with the choice of doctors, clinics, and hospitals. *"A huge savings of local and state taxes, plus personal health care savings with improved family health care. And the majority of Minnesota residents support this Healthcare System."*

Join us in voting for Roger Kittelson on November 8.

AIR DUCT CLEANING
We use all new state-of-the-art duct cleaning equipment!

Important Facts About Indoor Air Quality
- Most people spend 60-90% of their time indoors.
- The levels of some hazardous pollutants in indoor air has been found to be up to 70 times greater than in outdoor air.
- Studies have shown that two out of three indoor air quality problems involve the HVAC/Air Duct System
- One out of six people who suffer from allergies do so because of the direct relationship to fungi and bacteria in air duct systems.
