Recycling Presentations

The Woman's Club of Lake City will sponsor an evening of **Recycling Presentations at the Lake City Public Library on Sept. 25, from 6:30 pm to 8:30 pm.**

First on the program is Willow Manceaux of Cargill. She is an operations technician at their Blair, Neb. plant. She will be doing a Skype presentation. Willow is involved with Cargill's NatureWorks. This is an international company which manufactures bio plastic polymers derived entirely from plant resources. This is an exciting alternative to conventional plastic, which is made from petroleum.

Next, local speaker Scott Jensen, director of public works for the City of Lake City will discuss recycling initiatives in the city and how citizens are able to support this effort. Please join us for these informational and interesting presentations.

The event is open to the public and admission is free.
