 Bringing quality service to you!

I'm John Redmond.

A lifelong, current full-time resident and candidate for mayor of Lake City.

Lake City must curb its spending. Our property taxes should be going down..... not up.
 Because of the financial success of the marina and local electric utility, the tax levy should be going down and not increasing by 3.5 percent. A council person who is not up for election this year supported an increase of 5.5 percent!
 Our mayor and city council voted to spend over four million dollars for a highway beautification project. The re-election campaign has stated that this was done with "NO TAX INCREASE or Borrowing," challenging newspaper accounts of Lake City taxpayers contributing over four million dollars to the project.
 The plan for 2021 is to spend another four million dollars on another costly beautification project in Ohuta Park.
 My question to the voter is: if our taxes aren't going up where does the money come from to pay for these projects?
 The voters must have more of a say on how they want city funds spent. Limits on what the mayor and council can spend without voter approval must be established. The city charter must be amended to give the power back to the people.
 Feel free to contact me at ACE Rental (651-345-5506) during the week and Wise Hardware (651-345-3113) over the weekend. If what I'm saying resonates with you and you want to show support, signs can be picked up at both locations as well.

Remember to vote November the 3rd!
